# THE PROBLEM:

## METRO CEBU GENERATES AROUND

# 3.5 MILLION

## TRIPS DAILY

## WITH ABOUT

# 60% OF RESIDENTS

## DEPENDENT ON PUBLIC TRANSPORT.

# THE SOLUTION:
# Smart Jeepney Monitoring & Commuter Information System

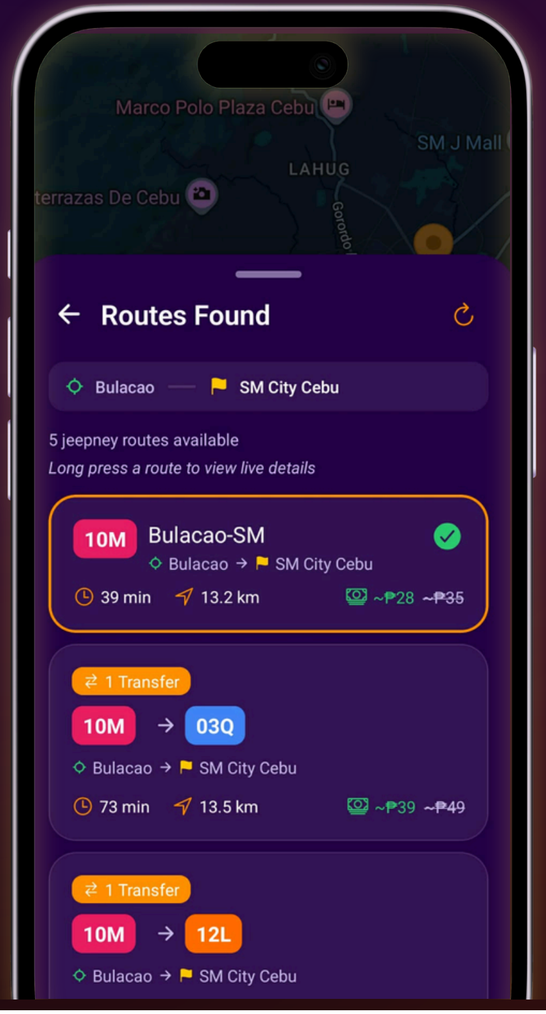

## REAL-TIME TRACKING AND ROUTE SEARCH
Show exact jeepney locations live on the mobile map with its highlighted path routes

## PASSENGER LOAD DETECTION
Shows current passengers via app & LED display on the jeep

## CASHLESS PAYMENT
Streamline fare collection via RFID

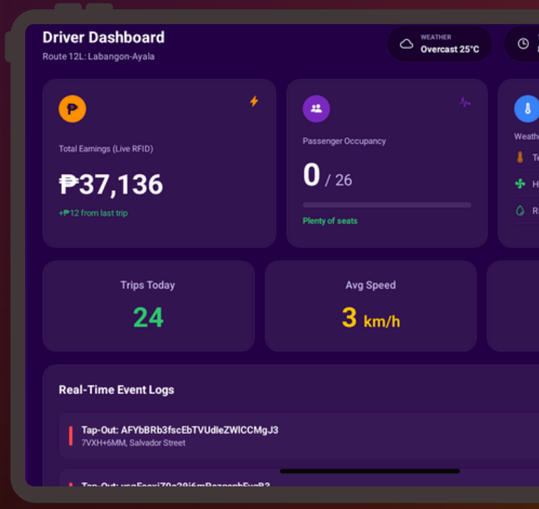

## SMART FARE MANAGEMENT
Cashless payment system that automatically calculates and credit fares

## PASSENGER AND DRIVER REPORT
Promote safe and accountable driving

## PROJECTED IMPACT

### 1. For Commuters:
Enhanced Experience & Productivity

### 2. For Operators & Drivers:
Operational Efficiency

### 3. For the City & Environment:
Smart Urban Planning

## ROADMAP

# BENEFICIARIES

## THE COMMUTERS

60% of Metro Cebu residents rely entirely on public transport. For them, this system shifts transit **from stressful and unpredictable to reliable and modern.**

## TRANSPORT OPERATORS & DRIVERS

Under the PUV Modernization Program, transport cooperatives **need technology to remain competitive and compliant**. We give them the tools to run like professional enterprises.

## LOCAL GOVERNMENT UNITS

Cities cannot fix what they cannot measure. We **turn** Metro Cebu's **invisible transit network** into a **highly actionable data asset.**

# BUSINESS MODEL

| 1. The Community Ecosystem | 2. Operational Enablement | 3. Long-Term Sustainability |
|---|---|---|
| **Beneficiaries & Segments**<br><br>• **60% of Metro Cebu:** Commuters dependent on public transport.<br><br>• **Working-Class Co-ops:** Operators managing jeepney fleets.<br><br>• **Civic Partners:** LGUs needing urban transit data. | **Key Activities & Channels**<br><br>• **On-the-Ground Hunting:** Executing our June 2026 Operator Partnership Hunt.<br><br>• **Continuous Improvement:** Building & debugging in a centralized lab.<br><br>• **Terminal Activation:** Onboarding users at high-volume Cebu transit hubs. | **Ecosystem Costs**<br><br>• **Hardware Deployment:** Procurement of GPS modules, sensors, and RFID cards.<br><br>• **R&D & Cloud Upkeep:** Maintaining servers for live real-time location syncs. |
| **Social Value Proposition**<br>• **For Commuters:** Dignified, stress-free travel via live tracking.<br>• **For Operators:** Zero revenue leakage via automated RFID fare capture.<br>• **For Youth:** A hands-on vehicle for real-world tech innovation. | **Core Resource Pillars**<br>• **Agile Youth Talent:** Developers, designers, and community organizers.<br>• **The NGO Catalyst:** Our source for *Mentorship, Infrastructure, and Network Access*. | **Sustainability Streams**<br>• **FinTech Micro-Transactions:** Per-tap RFID processing fees.<br>• **Hyper-Local B2B Ads:** In-app and on-vehicle LED ad spaces.<br>• **B2G Data Licensing:** Premium mobility analytics dashboards for city planners. |

| INSTITUTIONS | DESCRIPTION | OUTCOME |
| --- | --- | --- |
| GOVERNMENT | Local Government Units (LGUs) and national transport and technology agencies (e.g., LTFRB, DOTr, DOST). | Fast-tracks regulatory approvals, secures pilot funding, and integrates the system into smart city initiatives. |
| INDUSTRY | A network of transport operators, commercial and retail companies, telecom providers, and established fintech infrastructure companies. | Accelerates real-world deployment, enables seamless e-wallet integrations, and provides scalable network infrastructure. |
| THE PUBLIC | Commuter advocacy groups, passenger associations, and special demographic organizations (Students, Senior Citizens, PWDs). | Drives community adoption, builds public trust, and ensures precise, automated discount enforcement. |

# Call to Action

## BRIDGING YOUTH INNOVATION WITH CIVIC IMPACT

We are on the ground executing our B2B Operator Partnership Hunt this June, bringing tech directly to Cebu's transport sector. To hit our September 2026 Full-Scale Commercial Rollout, we need:

1. **Partnerships**: Access to Modern Jeepney Operators
2. **Infrastructure**: A Dedicated Innovation Hub
3. **Mentorship**: Professional Business & Operations Guidance
4. **Monetary Resources:** Funding for Real-World Deployment
